

What am I learning this half term?

In Y1 and 2 this half term we will be looking at a variety of different subjects. In maths, we will be concentrating on multiplication and division and solving different problems involving these operations. In English, we will be writing traditional stories using adjectives, conjunctions and the 4 different sentence types. During our science lessons we will be carrying out different STEM projects. These will entail lots of fun experiments that will allow us to use our scientific enquiry skills.

This is aimed at strengthening maths facts through recall games and fun competitions. Children will be given time to access TTRockstars or other learning platforms on a Chromebook.

Homework

Each Friday, Spellings and homework will be set and children will have until the following Friday to complete these tasks. Dojo points will be awarded for completed work.
