We require a skilled and experienced person to work with our nurture group of students, supporting the most vulnerable students in our school. Our nurture provision is designed, for students who need extra support with their social and emotional development in order to support their learning. Students who are happy and safe are much more likely to make good progress in school and we feel that this support is vital for some of our students. You would be working closely with our nurture lead, identifying and supporting these students in and out of their classroom. This post is initially for 4 hours a day, 5 mornings a week. You will be provided with a full induction package and training whilst in post.

Ebor Gardens is a two form entry school in the Burmantofts area of the city with a vibrant and diverse community. We run a school with an inclusive, warm heart that continues to serve the needs of the students within its care. As such, we run a nurture provision to support some of our students with greater needs. This post is to support the nurture leader and other staff in school during the busy morning session. The post would suit somebody who has strong nurture values and enjoys working daily with vulnerable children. It is a post where you can see the difference that you are making day to day.
